

Studiengang International Business Master

Information Master certificate/transcript of records

Congratulations on passing your final examination.

As you know, you are no longer a student at HTW from the day of your oral examination. You have received a provisional certificate of de-registration from your 1st supervisor today. The further administrative procedure will now be coordinated by the Student Management Team 3 (former Examination Office). Please make sure you give them your current e-mail and postal address so that they can get in touch with you.

As soon as the certificate is available (signed by all parties), you will be informed that your documents are ready for collection or dispatch! The entire process will take approximately 12 weeks.

We wish you all the best!
